

SPACEPAC WASTE BIN TOWING OPTIONS

Do you have steep or long ramps to drag your bins up and down?

Spacepac has the solution, You can effortlessly tow the bin/s with an electric tug

THE UNIVERSAL TOWING DEVICE can be used for Sulo and Otto 660L and 1100L MGBs as well as the steel 1100L.

- ✓ No drilling of holes in the bin required.. **therefore no liquid leakage!!**
- ✓ Solidly fixed to the base of the bin using the castor mounting bolts
- ✓ Passivated zinc finish for long life
- ✓ Bins per train should not exceed the rated drawbar towing capacity of the towing vehicle.
- ✓ Spring Loaded Draw bar- folds up to allow safe bin tipping

NOTE:

Correct Rear Fixed or Directional Lock castors should be used when towing.

Maximum gross loaded weight of bins are:

- 660 Litre 309kg (45kg + 264kg)
- 1100 Litre 496kg (56kg + 440kg)

Nett Load per bin no more than 0.4 of their nominal volume according to EN 840, eg. MGB1100=440kg.

All prices/specifications subject to change without notice.
