SPACEPAC PREMIUM H Series

BATTERY ELECTRIC TUG # XL-H400

Manufactured in Europe, the Spacepac H series Pedestrian type Battery Electric-powered tug can be used in Hospitals, Warehouses or Factories for towing or pushing heavy carts, trolleys and production equipment.

Because of its compact construction it is very maneuverable and can easily drive in narrow corridors or pathways.

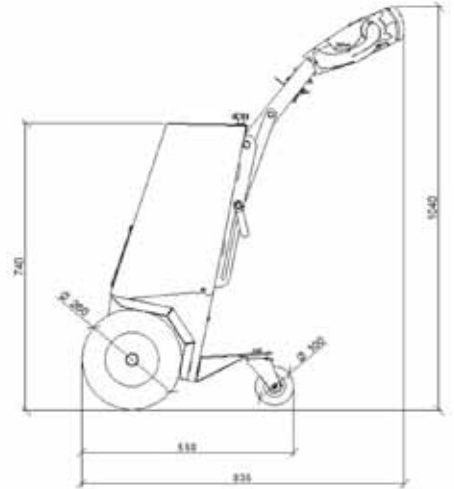

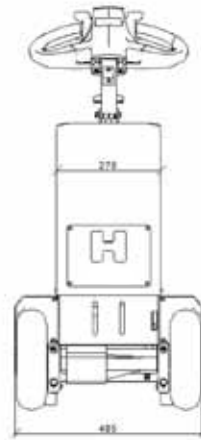

The digital controller efficiently puts the braking energy back into the batteries and the many attachments can suit any application. Standard with quick change, maintenance free Gel batteries, optional Lithium batteries and optional remote control

Specifications:

- Dimensions: L 90cm x W 51cm x H 104cm
- Motor: 400 watt
- Wheels: 2 x H 25 cm x W 10cm
- Battery/Controller: 24V/70A
- Material: Steel with powder coating
- Pull / push capacity: max. 1500Kg

Warranty:

- 2 years on the machine and accessories,
- 12 Months on the batteries.

Standard Colour is Green, other colour is available on request
